Caracteristici

Despre produs

Microflex 93-833 is a comfortable, light weight glove with 0.07mm palm thickness. Suitable for general industrial tasks including analytical testing/measurements, intricate parts handling, light duty maintenance and clean up, patient examinations and protection from blood and other bodily fluids.

Features and Benefits:

- Advanced proprietary nitrile formulation, which delivers an increased tactile sensitivity
- Designed with ERGOFORM™ Technology to support musculoskeletal health and increase worker productivity
- Helps protect workers from Carpal Tunnel Syndrome and minimizes the risk factors towards developing ergonomic work place injuries
- Contains no natural rubber latex or powder to help protect wearers from skin allergies, skin irritation and dryness
- Provides reliable durability and longevity for the wearer
- Offers confident protection from pinholes and other quality issues

Typical Applications:

- Automotive
- Pharmaceutical
- Life sciences
- Medical industry
- Paint and spray shops
- Maintenance
- Assembly
- Dairy processing
- Food Processing
- Laboratory

- Surface Finish Textured Finger Tips
- Powder Style Powder Free
- Thickness 0.07mm
