Despre produs

These Verso Mobile Cabinets with Drawers are designed for industrial and workshop environments, providing secure, organised storage with high durability. Constructed from welded steel, these cabinets feature 100% extension drawers with a 50kg capacity per drawer, ensuring easy access to tools and materials. Drawer blocking prevents accidental openings, and a push-pull handle enhances mobility. The cabinets come in two variations: one at 980mm high with a 30mm multiplex worktop and another at 965mm high with a top tray and inlaid mat. Supported by 125mm castors (two with brakes), they offer stability and smooth movement. Finished in a robust powder coat (RAL5010 blue/ RAL7035 grey), these cabinets come with a 10-year guarantee.

Features and Benefits

- o Constructed from tough welded steel to ensure long-lasting use
- o Drawers extend fully and support up to 50kg, allowing easy access to stored items
- o Drawer safety features prevent unintentional openings for secure storage
- o Push-pull handle enables smooth movement for effortless repositioning
- o Mounted on 125mm castors, including two with brakes to provide steady positioning
- o Finished with a resilient powder coat in RAL5010 blue or RAL7035 grey to maintain a fresh, scratch-resistant appearance
