Despre produs

These green colour coded die springs are ideal for light duty applications. Constructed from hardy steel and finished with a heat treatment to improve resistance to wear and tear. Each product is tested rigorously in the manufacturing process to ensure the springs will bear a high number of stresses without breaking or without appreciable loss of load. Every batch of springs is subject to a rigorous testing procedure to ensure that a consistent quality is maintained. Longer springs should be guided along their course. Features and Benefits o Manufactured from a high quality steel to ensure durability over extended use o Surface treated to bolster resistance to wear and tear o Green colour coded to give you instant visibility of the load range of the springs o Has undergone rigorous testing to ensure it meets the necessary requirements under load Typical Applications o Ideal for everyday use in various pieces of office hardware as well in industrial applications for equipment and machinery
