Despre produs

The Kennedy(R) Tool Backpack is a practical and durable solution for storing and transporting tools and work equipment with ease. Designed for comfort and convenience, it includes a padded handle, adjustable shoulder and belt straps, and extra back padding for enhanced support while on the move. The spacious main compartment includes a double-sided tool panel with padlockable zip closures for added security, while the middle compartment offers pouches for organising smaller components. Four rubber feet at the base help prevent floor damage, making it a reliable choice for professionals who need a secure and comfortable way to carry their tools. Features and Benefits o Middle compartment has pouches for smaller component storage with padlockable zip closures (padlocks sold separately) o Main compartment supplied with a double-sided tool panel with padlockable zip closures (padlocks sold separately) o Four rubber feet at the base protect flooring against damage o Extra padding at the back of the bag for user comfort when in motion
