Caracteristici

Featuring a spiral twist, these plain end HSS blades can cut in any direction without the need to turn the workpiece. This is particularly useful for projects that are too big for the throat depth of the scroll saw. They also allow for pieces to be cut with the bevel running in the same direction all round.

Despre produs

Lame ferastrau traforaj (drept) - (0.93MM X 0.38MM X 34TPI) - Pachet 12 bucati
